# EXPERIENCE ELEVATED

## A NOTE FROM DIRECTOR OF SALES & MARKETING

Welcome to the debut issue of "Experience Elevated," the exclusive newsletter from La Cantera Resort & Spa! As the Director of Sales and Marketing, I am genuinely thrilled to share with you the latest news and events unfolding right here at our resort, beginning with the groundbreaking of a brand-new event space this week.

I look forward to sharing the new things happening and how we plan to continue to embody the Texas heart & Hill Country soul in everything we do. Join us on this exciting journey as we elevate experiences and celebrate the spirit of Texas hospitality together!

- Colleen Cline

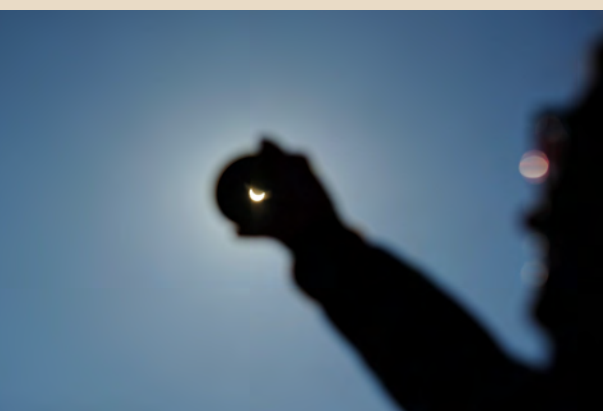

## MOON'S SHADOW TOTAL SOLAR ECLIPSE

One of nature's grandest spectacles — a total solar eclipse — will be visible from The Resort. We are partnering with the UTSA Department of Physics and Astronomy for an eclipse adventure and educational experience. A portion of package & event proceeds will benefit a fund dedicated to student success within the UTSA Department of Physics and Astronomy.

Featured in the NY Times, the Moon's Shadow package includes a welcome reception; breakfast daily for two; a complimentary bottle of Chandon upon arrival; & an invite to join us at our exclusive Total Eclipse viewing party with bubbles, bites & live music on Mon, April 8th.

\*\*Restrictions apply. Please see [lacanteraresort.com](http://lacanteraresort.com) for details.

## COMING SOON! OUR NEW EVENT VENUE

Nestled above the trees on the edge of the Texas Hill Country, La Cantera Resort & Spa, has long been an iconic San Antonio Destination rooted in the storied Texas history. The property, named for the Spanish word for "quarry", sits on the land once part of a rich natural resource & an important backdrop to the era of the Spanish exploration & Texas settlement.

Inspired by the King Ranch Main House, the property has evolved over time, layering modern moments & framing the picturesque views of the Texas Hill Country.

The bar continues to be raised as the next chapter of renovation brings the **new 5,500 sq ft event venue**, elevating the level of modern comfort and Texas Hospitality.

We have challenged our team members to create a name for the venue, and the person of the winning name will receive a prize!

## CUSTOM BEER MADE BY FREETAIL "ASSAULT"

Freetail Brewing Co. took flight in 2008 with the idea that a brewery shouldn't just make great beer. It should embody the city it calls home. From its label designs to its name. And it should be as passionate about supporting its community as it is about kicking out fresh, innovative beers. For Freetail, San Antonio is more than our hometown. It's why we brew. In collaboration with La Cantera, Freetail has created this locally inspired, authentically immersed custom beer - "Assault," named after the seventh winner of the Triple Crown. Assault is still the **only Texan horse** to rise to be a true champion. Much like the horse, it's named after, **this pilsner is crisp & clean and a true winner on the finish line.**
